ND Assistive provides low-interest loans with favorable terms and conditions through direct lending so that people with disabilities and their families may acquire assistive technology or computers and other equipment, including adaptive equipment.

Loan Criteria

All loan applications that ND Assistive reviews must demonstrate a reasonable expectation that the loan will be repaid. All loan requests are determined on a case-by-case basis. Generally, ND Assistive is looking for a pattern of stability with respect to credit history, debt to income ratio, and ability to make the monthly payments. ND Assistive may request the applicant provide an explanation or resolve negative findings within the credit report. In making its determination, ND Assistive may consider the nature and extent of an applicant's creditworthiness, the fair market value of the item requested, and the total dollar amount of the loan.

The Loan Coordinator may ask the applicant and/or co-applicant having debt or credit issues to provide additional financial and/or other information in order to determine qualification for a loan. For verification of income, if an individual's income is based on self-employment, ND Assistive will require the submission of the past year's income tax return as signed and submitted to the IRS.

Credit Score:

A credit score is a number that gives a picture of your credit health. The chart below shows what factors impact your score.

Factor	Percent	Raises your score	Lowers your score
Payment History	35%	Making payments on time	Late or not making
Total Amount Owed	30%	Keeping credit available	Borrowing to max loan limit
Length of Credit History	15%	Having accounts open longer time	Having more newer loans
Type of Credit	10%	Different of types of loans	Primarily one type of loan
New Credit	10%	Fewer credit checks	Many credit checks

ND Assistive uses a credit scoring system and credit reports as part of its decision process on all applicants. The credit score generally ranges from four hundred (400) to above eight hundred (800). Financial institutions typically require scores approaching seven hundred (700) for loan approval. A credit score of five hundred, (500) is generally required for ND Assistive to consider a loan for approval.

Debt to Income Ratio:

Your debt to income (dti) ratio compares how much debt you owe compared to your income. Debt includes your monthly rent or housing payment, installment loan payments (like the loan you are applying for) and payments on revolving loans (credit cards). For example, if you have \$500 in monthly debt payments and your monthly income is \$1,000 your debt to income ratio is 50%.

$$\$500/\$1000 = 50\%$$

ND Assistive will generally approve an applicant with a less than desirable debt to income ratio (50% or higher) if the borrower can adequately document sufficient cash flow for the loan. Individuals with subsidized living arrangements may qualify for a loan even if their debt to income ratio is higher than desired. Individuals having approval for special funding may be considered without regard to their debt to income ratio.

Ability to Make the Monthly Payments:

As a part of this loan application you may be required to complete a monthly budget. This will be required if you have had credit issues or your credit score is below 650 and debt to income is above 50%. A budget shows how much income you have compared to your expenses. We use this to see if you can make the payment for the loan that you have requested. This is also a good tool to use for evaluating budgeting opportunities – feel free to make copies for future budgeting and planning.

Qualifying borrowers must document that they have sufficient resources to pay for all living expenses and still have a reasonable expectation of repayment before a loan may be approved by ND Assistive. The Board may approve loans to individuals who have additional projected income, and/or co-residents that assist with the monthly rent/mortgage and household expenses, which is verifiable.

The Board may also request a co-resident to become a co-applicant to consider additional income and reduce overall expenses. If an applicant wants to include a co-resident's income and expenses, they may apply as a co- applicant.
